Good evening, Valois –

Please find attached the transcript of the October 5, 2019 EPA hearing held in Hot Springs, SD. I understand the procedure is for you to review and submit corrections to me. I will be unavailable October 24-30, back in the office on October 31<sup>st</sup> in the afternoon after morning depositions. If you get the transcript corrections to me by the 22nd, I will make the corrections and resubmit the final to you before I leave. Otherwise I will give it my first attention when I return.

Re the invoice – I have it prepared but have not gotten what appears from looking at my old invoices some info required – like a PO EP# and Invoice #?  
Can you get that information to me so I can send the invoice or should I contact Sierra? The last email I have from her states she will start the process and contact me soon. I did not ever get a formal letter or engagement contract or anything beyond emails with just the logistics.
